

Congratulations! You have been chosen to be in the AISD ALL-CITY CHOIR

The All-City Choir is a district-wide event that involves all of the elementary, middle and high schools within AISD. Traditionally, Murchison has had a large representation of talented students in the All-City combined middle school choir, so it is our honor and privilege to invite you to participate in this fun, beneficial and collaborative event.

Remember, this is an honor and you have been chosen to participate because you have demonstrated excellent classroom participation and musical ability. **Because of the excellence we have seen, we know that you are capable of learning this music on your own, and that's exactly what you will need to do.**

Sheet music will be provided for every student (lost music is your financial responsibility). We have CD recordings to own or borrow. You can already listen and download the songs on our choir website (<http://mmschoir.weebly.com>). However, please be aware that **knowing all your music and maintaining a C or better in all classes is required in order for you to participate.**
